Rollout Our Smart Training to Your Workforce in 5 Minutes or Less

How? Our training system is smart - *very smart* - and does almost everything for you. All you have to do is to email generic instructions to your staff. It is the same instructions for everyone and we've already pre-typed the instructions for you.

Have staff that doesn't have email? No problem, print off the instructions and give it to them as a piece of paper.

Once you provide the generic instructions to your staff you are done. The smart training system then takes over from there and trains, tests, generates certificates, emails you a copy of those certificates, and maintains a training log.

It can't get any easier.

- ✓ Our smart system utilizes a single shared multi-user login that eliminates the hassle of having to setup and manage multiple usernames and passwords.
- ✓ Everyone from your organization can log in from home or work (24x7) using the same shared login (no limit on simultaneous users).
- ✓ On passing the final exam, each individual is prompted to enter their name. The system then generates a PDF certificate for the individual and emails a copy of the certificate to the administrator for record keeping.
- ✓ The smart system maintains a detailed training log automatically for you.

The Workplace Violence Prevention course is **1 hour** long, self-paced, and generates a **2 year** certification upon completion.

Each employee receives their own certificate and wallet card immediately online upon successful completion of the training.
